

LEGACY

TRADITIONAL SCHOOL

Dear Parents,

The Canyon Athletic Association (CAA), in response to A.R.S. 15-341 A.24.b, has mandated concussion training for all athletes and coaches involved in CAA athletics. Because of this, students involved in athletics with Legacy Traditional Schools must view one of two training videos on concussion education and sign off on this form, along with a parent or legal guardian. The LTS Athletic Director will file these forms to show compliance with CAA regulations. Please contact your LTS Athletic Director if you have any questions. The link to the videos are: <http://aiaacademy.org/brainbook/> or the video "Concussion in Sports: What You Need to Know" found at <http://www.nfhslearn.com/index.aspx> If you are unable to view this video at home, please contact me and we can arrange a viewing on campus. This signed form must be turned in to the Athletic Director before the student can begin practicing.

Thank you very much.

Ryan Johnson
Assistant Principal/Athletic Director

2016-2017 Concussion Awareness

We have been given the resources for student athlete concussion training and understand and are aware of the nature and risk of a concussion.
